WIMBLEDON STRAWBERRIES AND CREAM

Wimbledon Strawberries and Hinxden Farm Dairy's Channel Island Pouring Cream

Produced by Marion Regan of Hugh Lowe Farms, Mereworth, Kent. Marion's great grandparents began growing strawberries in 1893 where the family owned business has continued to grow. Spanning 500 ha of soft fruit/arable land, they are one of the largest soft fruit producers in the UK. For Wimbledon, the berry variety chosen by Hugh Lowe Farm was a Malling Centenary variety which boasts exceptional fruit quality characteristics. These include attractive berries with a uniform conical shape and superb, sweet flavour which are Grade 1 English strawberries, though we work with Marion ensuring the most suitable and best quality berries are used.
